March 25, 2020

Effective Immediately

To Whom It May Concern,

In response to Governor Sisolak’s closure of nonessential businesses in Nevada and in an effort to help reduce the economic pressures associated with these closures, the Workers’ Compensation Section (WCS) is providing a 60-day grace period for payments owed to WCS.

Nevada businesses owing a debt to WCS for one or more fines and/or premium penalties and paying monthly according to a payment agreement may postpone any payments due between now and May 29th by 60 days.

The continuance of the grace period will be re-evaluated during the week of May 25, 2020.

Sincerely,

Victoria Carreón
Deputy Administrator
Division of Industrial Relations
