

# NV BUSINESS RESOURCES iCHALLENGE·2022

## Explore Nevada's Small Business Support Ecosystem

**Do you own or operate a small business in Nevada? Do you need help in making it grow?  
Are you thinking of starting a small business in the state, but don't know what to do?  
Then take the *iChallenge* today!**

As Nevada moves past the challenges of the pandemic, many of its small businesses and residents are looking for ways to reinvent themselves, start something new, and take on the future. To help Nevadans do this – start a new path, increase the number and resiliency of the state's small businesses, strengthen the economy – the Nevada Department of Business and Industry and the Nevada District Office of the U.S. Small Business Administration (SBA), along with their small business resource partners, encourage all existing and prospective small business owners to take advantage of the vast network of resources and services available in the state.

The *iChallenge* is simple. Use one of the options below to learn what kinds of support, information and resources are available, then contact the appropriate program, provider or agency for the help you need.

### THREE WAYS TO LEARN MORE AND GET HELP

1. **Go online to <https://business.nv.gov/>.** Find information under “Important Links” on the right of the homepage. Click on “Business Resource Center” and explore the Resource Directory, Access to Capital Directory, Nevada Business Startup Guide, Nevada Ecosystem Chart, and Learning Center. Use links in the directories or download the Startup Guide to go right to provider websites and contact information.
2. **Go online to <https://www.sba.gov/>.** The SBA is the foremost federal agency offering support and funding to start or grow a small business. On the SBA homepage, click on “Menu” in the upper right part of the screen to access a list of topics. Click “Business Guide” to find detailed information on starting and running a business. Click “Funding Programs” to learn about loans, disaster assistance and other sources of money. The menu also has links to a Learning Platform and information on Federal Contracting. Click “Local Assistance” to find a local SBA partner who can help you with information, counseling, mentoring, and training – or go directly to the [SBA Nevada District Office website](#).
3. **Write or call directly.** Provide your contact information, tell us what you need help with, and we'll work to connect you with information or a resource partner that can assist you.

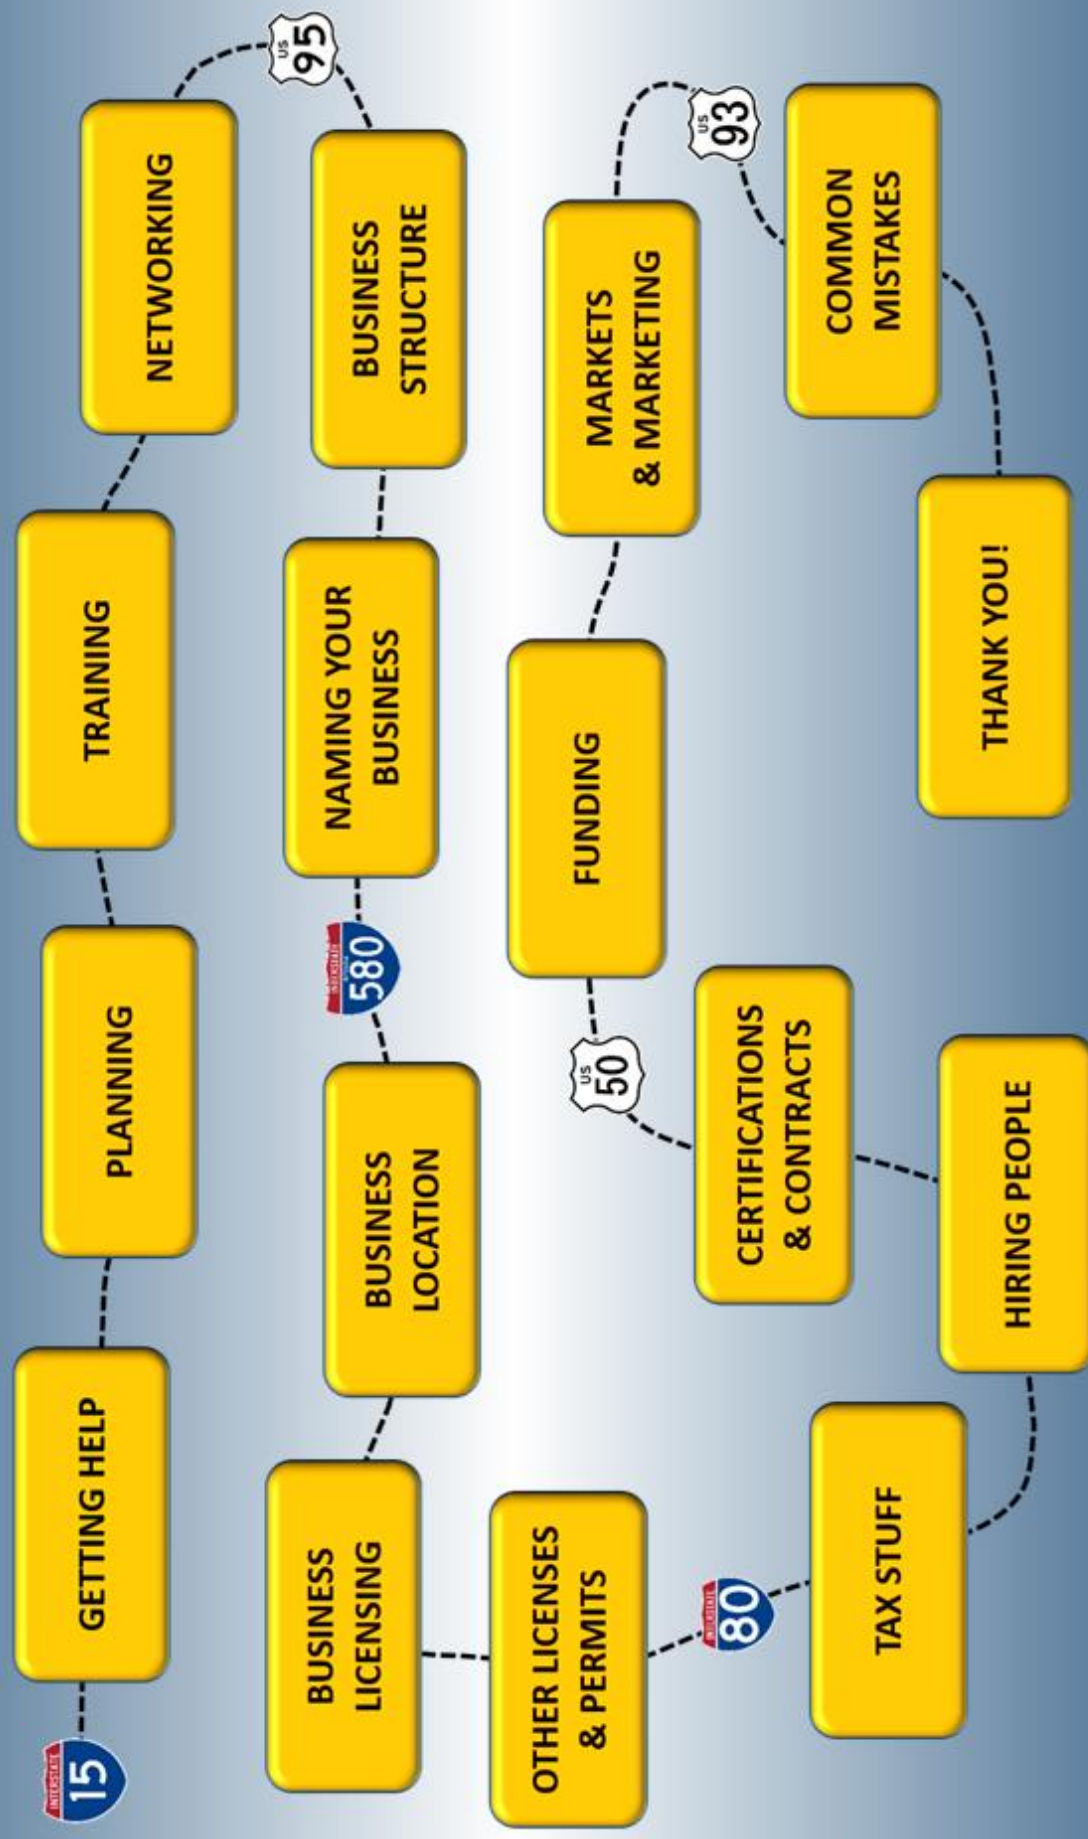

Regular Mail: Nevada Dept. of Business and Industry  
3300 W. Sahara Ave., Suite 425  
Las Vegas, Nevada 89102

*In honor of National Small Business Week (May 1-7, 2022), the Nevada Department of Business and Industry, the SBA Nevada District Office and business resource partners are promoting the iChallenge to raise awareness of local, regional and statewide business resources available to those who want to start, or are already operating, small businesses. National Small Business Week is an annual event sponsored by SBA that seeks to highlight the impact of outstanding entrepreneurs, small business owners, and other professional organizations from all 50 states and the U.S. territories.*

To find small business information or help, use the Road Map from *The Guide to Starting and Growing a Business in Nevada*.

The Guide links to hundreds of business resources and agencies here in Nevada. Download it for free from the Business Resource Center at [www.business.nv.gov](http://www.business.nv.gov).
