

## Nevada Real Estate Division – Projects section

The Division's projects section is committed to working with our Builders to ensure we are flexible and accommodating in these unprecedented times.

All DRE renewals for **March** through **June** will be considered active-in renewal so business can continue without interruption. The Division will update permits and process payments when the Division begins re-accessing mail and the system of record. There will be no interruption in renewal dates when letters are issued.

For new and preliminary DRE's please continue sending in your documents via mail. Please contact Jean McFeaters [jmcfeters@red.nv.gov](mailto:jmcfeters@red.nv.gov) or Christine Smith [christine.smith@red.nv.gov](mailto:christine.smith@red.nv.gov) in the project section. Staff will work on your individual submissions and provide approvals.
